A CHILLY EASTER.

By the sudden decline in the temperature Saturday evening, Easter was ushered in with a cloudy and cold day. Instead of bright and pretty Easter gowns and hats, cloaks, furs and overcoats met your gaze on all sides. However the churches were well filled and the usual Easter sermons and music were enjoyed.

SHOULD HAVE COME HOME.

Scott county has a Republican county attorney under very strange circumstances. Two weeks ago Thomas S. Gaines, who was serving under a Democratic administration, died very suddenly, and as the county judge who was a Democrat, was out of the State, the nearest magistrate, who was a Republican and had the appointing power, gave the honor to Jas. B. Finnell, Jr., a Republican.

A MUSICAL EVENT.

The Schubert Symphony Club and Lady Quartette Company of Chicago have been secured for one of its delightful entertainments on Friday evening April 20, at the Paris Grand.

This company gives a program of the greatest variety, consisting of lady quartettes, madolin and guitar club selections, violin and vocal solos, and amusing readings—not a long, dull classical affair, but bright and interesting.

The entertainment will be for the benefit of the Paris Hospital Society and should be liberally patronized.

INTERESTING EXHIBIT.

The cabin in which Lincoln was born will be taken to Louisville to be exhibited to the Home-coming guests in June before being taken to Larue county to be placed in the proposed national park.

ESCAPED FROM PEN.

Thomas Mulligan, of Kenton county, one of the most desperate inmates of the State penitentiary, made his escape from the Frankfort institution by crawling under the floor of the shoe shop where he was employed, and under the old wooden stockade, which stands just outside the walls proper. He was captured at Bloomington, a village, ten miles out in the country.

CRUSHED TO DEATH.

Ernest Roper, aged sixty years, former chief of police of Cynthiana for several terms, and a well-known Republican politician, stepped in front of a Louisville & Nashville freight engine, near Berry, fourteen miles from Cynthiana, and was instantly killed. His skull was fractured and several ribs and both legs were broken. He was hard of hearing.

In Judge Dundon's court, Will Thompson, colored, drew a prize of \$2.50 and trimmings for correcting his stepdaughter with a buggy whip. Will Fisher, colored, waived his right to examining trial and was held to the June term of the Circuit Court, under \$500 bond, for taking several shots at John Cantrill, colored.

WEALTHY FARMERS UICIDES.

Elijah T. Reese, one of Mason county's wealthy and prosperous landowners, committed suicide at his home in Shannon Sunday evening shortly after 6 o'clock by taking strychnine, expiring within half an hour after swallowing the deadly poison. Mr. Reese has relatives in this county.

ONLY FALLING IN LINE.

A mob of three thousand men lynched a third negro in Springfield, Mo., two having been hanged and burned about 1 o'clock Sunday morning. The greatest excitement prevails, and it is feared that further trouble, and of a far more serious nature, will follow. The negroes were hanged from the bandstand about the electric light tower, which stands in the center of the square. The negroes and whites are said to be arming. What else could be expected when it is remembered that the Republicans carried Missouri at the last election. They are only falling in line with the Northern States.

"AT FASHION'S HEADQUARTERS"

"THAT TOTALLY DIFFERENT" P. & J. CLOTHING FOR MEN

Here's a Refreshing Departure from the Everlasting Sameness of Double Breasted Suits.

THE lapel is cut considerably higher than is usual, so that comparatively narrow expanse of cravat shows through. It is just one of the crack style touches that Garson-Meyer know so well how to put into their clothes. The collar is hand worked—stayed with innumerable stitches so that it sets snug and smooth at the neck and lies flat on the chest. The superb hand tailoring put into these splendid garments insures always the retention of shapeliness.

This double-breasted suit is made in a very large number of nobby patterns.

Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Iowa, but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Dangers of Defective Plumbing!

Defective plumbing permits the entrance into the house of sewer gas bearing germs or contagious disease to which the human system readily succumbs. Sewer gas is not necessarily generated in the sewer, but is frequently created in the plumbing system within the home and enters the apartments through defective fixtures. If in doubt, consult us regarding the piping and repairing defective fixtures with "STANDARD" Porcelain Enamelled Ware, acknowledged as the best sanitary equipment.

THE TRUE SITUATION.

Several interviews with Mr. Younger Alexander, President of the Paris, North Middletown & Mt. Sterling Traction line, and several notices in the Lexington papers, stating that the surveys of this line proved that the cost of building same would be such an amount that it was not at all practicable to build the road, and that the project would be abandoned, were simply a misrepresentation of facts in the case. To size it up about right you may look upon it as another bluff of Lexington's, for in the same breath almost the same paper gave notice of active steps being taken in that city to secure a line to North Middletown via Clintonville. It is easy to see through their scheme.

The facts in regard to this line from Paris to Mt. Sterling via North Middletown are these, no estimates have been made on the surveys taken, for they will not be completed until April the 25th. Furthermore, the people of Mt. Sterling, who have been at the mercy of the C. & O. R. R. for years, are enthusiastic for this traction line; the people of North Middletown, who are shut off from all railroad connection, are more than enthusiastic, and, in fact, the people all along the line from Paris to Mt. Sterling are anxious to give the right of way. It has only been but a few days since capitalists wired for the estimates, that have been alleged by Lexington papers to be so high as to make the line not at all practicable, when no estimates have ever been made. They are nifty bluffers. The men in this county that are at the head of this enterprise are not in it for any graft, they believe it to be a much needed road and one that will be a winner from a business standpoint. We are reliably informed that the cost of construction of this road will not be at such figures as to make it out of the question, but will be far below what was at first claimed it would cost. That everything is paid for as far as they have gone, and that the prospects for the building of the Paris, North Middletown & Mt. Sterling Traction line were exceedingly encouraging and looked like we were sure to have the road, notwithstanding the reports sent out from Lexington to the contrary.

KNOWS HIS BOOK.

While many preachers are agonizing against Sunday newspapers, the up-to-date common sense pastor of the First Cumberland Presbyterian church in Knoxville tried a page advertisement for a Bible class in a Sunday paper in that city. The attendance at the class increased one-third the first week and continued to increase steadily until now he is teaching the largest Bible class in the South, and probably one of the largest in the country. Looks to us that a preacher like this is calculated to do more good in the world than those sanctimonious fellows who are always abusing somebody from the pulpit and who look like a professional mourner at a funeral on all occasions.

SURE TO HAVE NATURAL GAS.

Our citizens are agitated over the prospect of having natural gas piped to our city. Thursday night, Judge Harmon Stitt, representing the natural gas people, appeared before the City Council, asking for a franchise to enter the city. The Council asked for more time, so they could investigate the matter thoroughly before acting, as the document the Judge presented was quite lengthy.

With natural gas here, means more than can be estimated by us for our people. We are now paying \$1.50 for lights and \$1.25 for fuel gas, which is claimed as low as coal gas can be sold for in Paris, taking in consideration the number of consumers. Natural gas will be 25 cents for both light and fuel. It means that the poorest as well as the rich can light, and heat their homes and do their cooking with gas at such a price as will hardly be felt by them, when you take in consideration the price of lights and fuel now.

We do not know what arrangement will be made by the Paris Gas Light Company and the natural gas people. The mains now in use by the Paris company can easily be used for the natural gas and it is hoped that the two companies will get together and make satisfactory arrangements. This would be the proper solution, for we do not care to see our streets torn up again, and then, too, no coal gas company can possibly live in competition with natural gas. The natural gas company is using the mains of the Lexington Gas Company in that city and no doubt similar arrangements will be made with our people.

The natural gas people want to come here and we know no one will raise his hand or voice to keep them out. This is a case where the people of Paris have set still and were lucky enough to have this good thing brought to their door without an effort on their part. There are other good things floating around that our city could get for the asking, but no, they are happy and contented and will take a long chance as in this case. We are lucky if we are not hustlers.

NOT A DESPOT.

Speaker Cannon denies with great indignation that he is a despot, John Sharp Williams, Brother Shackelford and various other representatives to the contrary notwithstanding. The dictionary says a despot is a person who is a "master; a lord; a man ruling without regard to the Constitution or the laws," and we don't blame Mr. Cannon from refuting the charge with all the vigor of which he is capable; and this amounts to something if the speaker can manage to get his mouth emptied of its load of tobacco before his madfit wears off. Mr. Cannon is therefore not a despot. He is himself. He is merely a dictator without limitations—a title which means the same, but which sounds a whole lot different to people who do not know their books.

Moisten the hem of a lace or muslin curtain very slightly with a nail brush and the rod will slip in easily.

If alum is added to paste used in covering boxes or scrap books, moth or mice will never touch it. All kitchen and pantry shelves should be painted, and if white enamel paint is used no paper will be needed.

If towel racks in kitchen and bath rooms are not nicked they should be painted with enamel paint to prevent rust, and spotted towels and other articles. All hooks used in pantry and kitchen should be dipped in enamel paint and thoroughly dried before being screwed into place.

A table should always have something on under the cloth to keep the dishes from marking the table, to make linen look finer and thicker, and perhaps because it is a fashion. These silken cloths are costly somewhat, but a serviceable one may be made from old sheeting. Use two thicknesses, and if desirable add a sheet of wadding. Quilt together and bind with wide tape.

A convenient piece bag is made from three yard lengths of percale stitched together on three sides with a curtain stick stitched into the top to hang by. A slit eight inches long on each side, near the top, bound around to strengthen, will make an opening to admit rolls in each side, and the center piece of goods serves to divide light from dark pieces.

"WHAT'S RACKET ABOUT?"

Hardin Butler, a wealthy farmer at Hinesdale, Hart county, Ky., came within an ace of being buried alive. Recently he was supposed to have died from heart disease. Physicians were called in and they pronounced Mr. Butler dead. He was bathed, shaved and dressed for burial. Meanwhile an undertaker had taken his measurement for a coffin. The funeral was to have taken place the next day. The members of the family were gathered about the bedside and the coffin was on the stand nearby.

Miss Alice Butler, his favorite daughter, became hysterical and the undertaker and his assistants picked up the body to place it in the coffin. As if awakened by her screams the supposed dead man shuddered and opened his eyes.

"What is all this racket about?" was his first utterance. "Whose coffin is that—who is dead?" He then sank back unconscious, but in a few hours was revived, and now he is moving about, shaking hands with himself.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

AUDITORIUM DEDICATION.

With a quartette of vocalists, the best that American boast, and a magnificent chorus of 150 voices, the new auditorium which has been built in Woodland Park, at Lexington, will be dedicated Thursday and Friday, April 19 and 20, by the rendition of that matchless oratorio, "The Redemption" by Gounod. The Oratorio will be given on the opening day and the night following the especially engaged vocalists will give a grand concert to be taken, principally, from the second scene of the famous opera, "Faust" with other high class selections. Taken altogether the combined attractions will constitute one of the grandest musical festivals ever given in this State and a high class treat of exceptional merit and taste.

The principal parts will be rendered by Miss Laura Combs, of New York, soprano; Miss Charlotte Callahan, of Cincinnati, O., contralto; Mr. Glenn Hall, of New York City, tenor, and Mr. Frank Croxton, of New York City, basso. The chorus is made up of specially selected singers from the large vested choir of Christ Church Cathedral, Hamilton College, Kentucky University and the Lexington Conservatory of Music. The big chorus has been in training for the past two months under the master hands of Prof. Walter Clover, formerly chorus director under the late Theodore Thomas, and Prof. C. F. Croxton, director of music in the public schools of Lexington. Miss Edith Love, organist at Christ Church Cathedral, will preside at the organ on this festival occasion.

While an admission fee will be charged, the principal purpose of this festival dedication is charity. All the profits arising therefrom, if any, will be entirely devoted to the building fund of the Good Samaritan hospital so that every dollar spent with the festival program will go to subserve a Christian duty and obligation.

Tickets are now on sale and seats can be reserved at the store of Graddy & Bradley, of Lexington. For tickets terms and all other information, address George S. Weeks, financial agent of the Good Samaritan hospital building fund, Lexington, Ky.

OPEN PUBLICITY THE BEST

GUARANTY OF MERIT.

When the maker of a medicine, sold through druggists for family use, takes his patients fully into his confidence by frankly and fearlessly publishing broadcast as well as on its bottle wrappers, a full list of all its ingredients in plain English, this action on his part is the best possible evidence that he is not afraid to have the search light of investigation turned full upon his formula and that it will bear the fullest scrutiny and the most thorough investigation. Dr. Pierce's Favorite Prescription for the cure of the weaknesses, periodical pains and functional derangements of the organs distinctly feminine, is the only medicine put up for sale through druggists for woman's special use, the maker of which is not afraid to take his patients into his full confidence by such open and honest publicity.

A glance at the published ingredients on each bottle wrapper, will show that it is made wholly from native, American, medicinal roots, that it contains no poisonous or habit-forming drugs, no narcotics and no alcohol—pure, triple-refined glycerine, of proper strength being used instead of the commonly employed alcohol, both for extracting and preserving the active medicinal properties found in the roots of the American forest plants employed. It is the only medicine for women's peculiar diseases, sold by druggists, that does not contain a large percentage of alcohol, which is in the long run so harmful to woman's delicate, nervous system. Now, glycerine is perfectly harmless, and serves a valuable purpose by possessing intrinsic value all its own, and besides it enhances the curative effect of the other ingredients entering into the "Favorite Prescription."

Some of the ablest medical writers and teachers endorse these views and praise all the several ingredients of which "Favorite Prescription" is composed—recommending them for the cure of the very same diseases for which this world-famed medicine is advised. No other medicine for women has any such professional endorsement—worth more than any number of ordinary testimonials. If interested, send name and address to Dr. R. V. Pierce, Buffalo, N. Y., for his little book of extracts from the works of eminent medical writers and teachers, endorsing the several ingredients and telling just what Dr. Pierce's medicines are made of. It's free for the asking.

NO CONTEST

But a Plain Business Proposition.

Chance to Make \$50 in Gold.

Every Young Lady in Bourbon Eligible.

People are always crying "keep the money at home," and to help carry out this motto the Bourbon News is going to make a plain business proposition to the young ladies of Bourbon county, whereby they can take a trip to any place they desire and at the same time assist in pushing a home enterprise along without any scrambling contest whatever and also at the same time everybody will get value received for their investment. This is no contest where there will be any disappointments. No contest where some young lady will run in the lead until the last minute and then the one who has been running last to come in and defeat her by having her friends to buy enough coupons or subscribe for enough papers, to make her win over the one that has led throughout the contest. Our proposition is no fake, but simply a plain business proposition and is as follows: Any young lady of Bourbon county who will bring to the Bourbon News office on or before July 15th, 1906, 75 cash subscribers we will give her \$50 in gold, to be used as she likes.

Any old subscriber who is in arrears and pays up to date and for one year in advance to any of the young ladies who accept our offer will be counted in their list of new ones.

This proposition is open to every young lady in the county, and just as soon as you hand in the seventy-five names with the cash subscriptions, the \$50 in gold will be handed to you.

WHY DO WE SAY THE HARE LAYS EASTER EGGS?

Why do we say that the hare lays the gaily colored eggs which delight the hearts of children on Easter morning? Why give him the credit, instead of the squirrel, the weasel or any other animal?

No one can tell positively. We only know that we are following a tradition so ancient that we cannot trace its origin. Going back to the dim ages of the past, we find the hare regarded as a sacred animal by different races in all corners of the world. Even the American Indians, who knew nothing about Easter, until brought under the influence of Christian missionaries, celebrated at certain seasons, the feast of the Great Hare. In the sixth century B. C. the inhabitants of what is now England, revered the hare as sacred to Ostara, the goddess of dawn and spring.

The natives of South Africa claim that the spots on the moon form the perfect image of a hare, and account for its presence there by the following legend:

Once upon a time the moon commanded the hare to take this message to the children of men: "As the moon sets and rises again every 30 days, so shall ye also die and rise again." The mischievous hare, however, purposely changed the wording of the moon's message, and said to the natives:

"Even as I die, and do not rise again, so shall ye also die to rise no more."

When the hare returned and confessed what he had done, the moon was so angry that she dealt the hare a severe blow upon his upper lip, causing it to split. To this day the hare has a split lip, which fact in natural history is supposed to be sufficient proof of the truth of this legend, to convince even the most incredulous. The hare was so chagrined and frightened that he ran away and hid, and has never since that day been able to overcome his timidity. The hare is considered a sacred animal in all Asiatic countries, where the religion of Buddha prevails.

Russia is going to start another universal peace movement, having lately had occasion to consider peace a desirable thing.

HERE'S AN EXPERIMENT.

It is scarcely credible, but it is stated as a fact, that a glass can be broken by the voice. If you strike a thin wine glass while you hold it by the stem it will emit a certain note—in most cases a pretty deep one. On approaching the glass rapidly to your mouth, and shouting into it the same note as loud as possible, the vibrations of the glass being thereby extended, it will be shattered into fragments. This used to be a favorite experiment of Lablache, the renowned singer, who would thus break, one after another, as many glasses as were handed to him.

CONVICTS PURCHASE A PIANO.

Never was the softening effects of music made more evident than in the case of the convicts in the mines at Mountain Top, Ala. Out of their meager earnings the prisoners have raised \$20, which is to go toward purchasing a piano to be used in the camp. The chaplain, the Rev. J. J. B. Hall, states that the discipline in the mines has been exceedingly good and that the most hardened criminals have been softened by the music. Several of the prisoners can play, and take the greatest interest in it. President Rragg of the Alabama State Convict board will see to it that the money is invested in the best possible instrument for the prisoner.

While the story of an impending invasion may be false, that part of it which says Castro has salted away a lot of money has a convincing air of plausibility.

Rothchilds has refused to lend money to the czar because of the persecution of the Jews, and, possibly, too, he would like to get his money back sometime.

TO SPEND \$100,000 ON TOUR.

Ignacio Guerra is in San Francisco on a tour of America. He has just \$100,000 to spend. With him are his wife, four beautiful daughters and a young son, his most valuable asset, he thinks.

Guerra is a miner and made his money suddenly. One day one of his claims fairly oozed gold and silver. He did not have the capital to put up a plant and work out his findings, so he found a purchaser for his claim. The lucky miner finally accepted \$900,000 cash and an interest in the claim as his selling price.

A new Iowa law says every dozen eggs sold must weigh at least 24 ounces. Presumably any Iowa hen guilty of laying an egg under two ounces will be severely punished.

In a table of all the great brood mares published, Lark, the dam of Sunland Bourbon, was the only one with six in 2:20 and eleven in 2:30 list. Think of it!

When you consider breeding, individuality, and the kind of colts he gets, Sunland Bourbon's fee is lower than any stallion we know of.

If you want a fine team, a good road horse, a high actor, all having speed and your mare to Sunland Bourbon. It is well-known he gets the above kind.

Sunland Bourbon made quite a reputation last year as a great road horse, and those who saw him go now know that his record is no measure of his speed.

INDIGESTION'S RECORD

"The best remedy I can prescribe for your indigestion, madam, is Green's August Flower. I know of several other physicians who prescribe it regularly."

Indigestion is making an awful record as a cause of sudden deaths. It is beating heart-failure in its ghastly harvest.

You read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and of their dying in many cases before a physician could be called in.

This should be a warning to you who suffer with regular or periodical attacks of indigestion. If these unfortunate victims of acute indigestion had taken a small dose of Green's August Flower before or after their meals they would not have fallen a prey to such sudden seizures. August Flower prevents indigestion by creating good digestion. It also regulates the liver, purifies the blood and tones up the entire system in a natural way.

MIXED WITH CONCRETE.

An error occurred at a church meeting in a little country town.

They were discussing at this meeting the best time for the consecration of a new plot that had been added to the church cemetery.

There was a long argument. Some wanted the additional consecration at once. Others thought it would be best to wait till the next year. Finally one old man rose and said firmly:

"I shall vote for immediate consecration. I have had my back yard done with it and it wears grand."

A BADLY BURNED GIRL

Or boy, man or woman, is quickly out of pain if Bucklen's Arnica Salve is applied promptly. G. J. Welch, of Tekonsha, Mich., says: "I use it in my family for cuts, sores and all skin injuries, and find it perfect." Quickest cure known. Best healing salve made. 25c at Oberdorfer's drug store.

BACKACHE AND SICK KIDNEYS are quickly relieved and permanently cured by the New Herb Cure—

Father William's Indian Tea, Nervous Remedy, gathered in the Rocky Mountains. Pure and simple but sure and certain. Acts like magic on the Kidneys and Bladder, cures Back Ache, Congestion of the Kidneys, Rheumatism, Gout, Jaundice and Bright's Disease. Give it a trial and be convinced. Put up in Tea and Tablet form, 20 and 35 cents a package.

In the case of our coast artillery, 75 per cent. of which, it is estimated, could not be manned in case of war, the "man behind the gun" theory seems to have been overlooked.

SUSPICIOUS.

The following item appeared in the Bacon Ridge Banner:

One night last June the editor heard some one prowling about in his chicken coop. Not having any shot handy he loaded his gun with quinine pills and blazed away. The intruder was peppered but managed to crawl away. As there is only one man in the village who has not had the ague this season we have our suspicions.

A RESERVED SEAT.

Little Charley, who had been taught to be very polite on all occasions, and that he must never keep a seat when there were ladies standing, was one day riding in a crowded trolley car perched on his father's knee. When a young lady stepped in the little fellow jumped down at once, and with a polite bow, said: "Please, miss, will you take my place?"

WHO WAS THE LOOSER?

A banker going home for his dinner saw a ten dollar bill on the curbstone. He picked it up and took the number home to find the owner. While at home his wife remarked that the butcher had sent a bill amounting to \$10. The only money he had with him was the bill he had found, which he gave to her and she paid the butcher. The butcher paid it to the farmer for a calf and the farmer paid it to a merchant, who in turn paid it to a washwoman, and she owing the banker a note of \$10 went to the bank and paid the note. The banker recognized the bill as the one he had found, and which up to that time had paid \$50 of a debt. On careful investigation he discovered that the bill was counterfeit. Now will some of our friends tell us what has been lost in this transaction; and by whom?

The Southern Railway is 23 miles the shortest from Louisville to Nashville and forty-three miles the shortest to St. Louis. tf

POSTAGE STAMP TONGUE.

"A number of ailments, some of them extremely dangerous, are comprised under the general head of postage stamp tongue," said a metropolitan physician. "Postage stamp tongue, in a word, is any disorder contracted from the licking of postage stamps. Three or four persons a week visit me with postage stamp tongues. They have a throat trouble, or a skin disease, or pulmonary complaint brought on by the reckless habit of licking stamps."

"A stamp should never be licked, as its gummed surface is always squirming and pulsating with germs. If any licking is to be done let it be applied to the right hand corner of the envelope, where the stamp goes, for there the germs are apt to be sparser."

"To be safe, though, the tongue should never be applied to either envelope or stamp. A damp sponge should be used in the tongue's stead."

A YOUNG MOTHER AT 70.

"My mother has certainly been made young at 70. Twenty years of intense suffering from dyspepsia had entirely disabled her, until six months ago, when she began taking Electric Bitters, which have completely cured her and restored the strength and activity she had in in the prime of life," writes Mrs. W. L. Gilpatrick, of Danforth, Me. Greatest restoration medicine on the globe. Sets stomach, liver and kidneys right, purifies the blood and cures malaria, biliousness and weaknesses. Wonderful nerve tonic. Guaranteed by Oberdorfer, the druggist.

A TONIC.

Spring is almost here. Drive away that tired, languid feeling with a glass of the famous Lion Bock Beer. Nothing is more beneficial for a worn out system. On sale Saturday, March 17. T. F. BRANNON, Agent.

DANGER FROM THE PLAGUE.

There's grave danger from the plague of Coughs and Colds that are so prevalent, unless you take Dr. King's New Discovery for Consumption, Coughs and Colds. Mrs. Geo. Walls, of Forest City, Me., writes: "It's a Godsend to people living in climates where coughs and colds prevail. I find it quickly ends them. It prevents pneumonia, cures la grippe, gives wonderful relief in Asthma and hay fever, and makes weak lungs strong enough to ward off consumption, coughs and colds. 50c and \$1.00. Guaranteed by Oberdorfer, the druggist. Trial bottle free."

WONDERFULLY MADE.

An exchange tells of a man who was wonderfully made. His doctors said he had an iron constitution; his friends declared that he had nerves of steel; his uncle thought he had a wooden head; the girls thought he had a heart of stone; his enemies declared that there was more brass in him than any thing else; others said he had lots of sand; while his admirers maintained that he was all wool and a yard wide.

—The ball game between the Y. M. C. A., of Georgetown, and the M. M. I. resulted in a score of 12 to 11 in favor of the latter. The game was warmly contested and there were several errors on both sides. This is the second victory and second game for M. M. I. this season.

—At 20 minutes after 3 Sunday morning, a few hours before the Easter bells announced the resurrection of Christ, the soul of Mrs. Sue Elizabeth Jaynes quietly ascended from its earthly tabernacle to the God who gave it, to join with the loved ones gone before in the choir invisible, to sing, doubtless,

in the Easter anthems that will resound through all Christendom. Mrs. Jaynes was 54 years old, and was a daughter of Mr. W. T. and Mrs. Mary R. Ingels, and one of seven children. She was a devout member of the Christian church since her early girlhood. She was married to Mr. F. R. Jaynes, of Paris, September 20th, 1877. He met with a tragic death while playing Santa Claus at the Presbyterian church at Paris by being badly burned and died December 23rd, 1879. After this she resided with her mother until her death, which occurred two years ago this month, since then she has made her home with her brother-in-law and sister, Mr. and Mrs. T. E. Savage. For many years she has been organist at the Christian church and was an ardent worker in all its societies. After the death of her mother her health failed slowly, though she was not confined to her bed but four days. She was buried Monday afternoon from the Christian church, Elder P. F. King officiating. Quite a number of friends and relatives were present from Paris, Carlisle and Maysville.
